Mr. Pajany M
Assistant Professor Department of Computer Science & Engineering.

*Corporate Social Responsibility (CSR) is the idea that a company should play a positive role in the community and consider the environmental and social impact.

*CSR is a management concept whereby companies integrate social and environmental concerns in their business operations and interactions with their stakeholders.

Aims & Objectives

- To create a common web portal to connect corporate and various organization to enhance CSR activities.

- To provide research, training, practice, capacity building, standard setting, activities rating, monitoring, recognition and related support in the field of CSR.

- To facilitate exchange of experiences and ideas between various stakeholders for developing a framework for strengthening of CSR activities.

- To facilitate any other assistance directly or indirectly for activities which seek to promote CSR practices.

- To establish a database of credible implementing outfits with whom the corporate entities as well as the donor organisations can collaborate and work.

- To conduct activities relating to public health, environment and employment enhancing.

Thank you !!
